Secondary Postsecondary CVTE Linkage Consortium
Cape Cod Community College
Institutional Articulation Agreement
_____ High School

In an effort to provide a continuing articulated program that builds on past learning experiences and eliminates duplication of instruction, we mutually subscribe to the following agreement:

1. CVTE Linkage students who have completed high school with a minimum overall high school average of a 2.0 (C average) on a 4.0 scale and who have completed courses approved by Cape Cod Community College Department Chairs and Academic Deans with a 3.0 (B average) on a 4.0 scale will be granted college credit for courses on which the high school and the college have established a Course Articulation Agreement.
2. Applicants for articulated credit must meet all college admissions requirements and must become enrolled at the college. These requirements include the following:
   a. The standard admissions process, which includes Accuplacer assessment.
   b. Receipt of a high school transcript that identifies the articulated course.
   c. Documentation that the student has earned a Certificate of Occupational Proficiency or met the competency levels identified in Massachusetts Department of Elementary and Secondary Education Vocational Technical Frameworks.
3. This agreement will be in effect for the current academic year and is subject to annual review and at such time as either institution implements a curriculum change.
4. Cape Cod Community College will determine that the articulated courses are of sufficient rigor, content, and competencies; that they include sufficient class/lab/seminar hours; and that the grading and attendance policies reflect college guidelines.
