Total Credits		16				

### Medical Interpreter Certificate Admission Requirements

Admission into the Medical Interpreter Certificate program requires that the applicant attend an information session and have an interview. Students must also meet all health requirements (Immunization Requirements) and pass a Criminal Offender Record Information (CORI) and Sex Offender Record Information (SORI) check. To remain in these programs a student must maintain a 75% average in the required courses, a satisfactory clinical evaluation, and adhere to the attendance policy.

The Immunization Requirements are available at: [www.capecod.edu/web/registrar/immunization](http://www.capecod.edu/web/registrar/immunization).

### Overview

Medical Interpreters enable accurate cross-cultural communication of information from one language to another in healthcare contexts. "Interpreters strive to render the message accurately, conveying the content and spirit of the original message taking into consideration the cultural context" (National Council on Interpreting in Healthcare Inc., 2005). Fluency in English and one or more target languages such as Portuguese and Spanish is required as well as sensitivity to the cultures associated with the target language.

### Program Outcomes

Upon completion of the Medical Interpreter Certificate, students are able to:

- Accurately transmit information in the source language of healthcare professionals and the target language of patients and family members.
- Adhere to the ethical code of recognized medical interpreter organizations\*\*.
- Execute the role of medical interpreter according to established standards of practice.
- Function as a cross-cultural broker to promote culturally and linguistically competent healthcare to patients and families with limited English language proficiency.

\*MIN200 participants in a clinical site practicum must meet all immunization requirements and pass CORI/SORI checks. Please refer to the policy statements of Immunization Requirements and Criminal Offender Record Information and Sex Offender Registry Information.

\*\*Standards reference the National Council on Interpreting in Healthcare (NCIHC).
