## Here's what current ESL students say about their courses:

ESL class gives me a great chance to come closer to my dream of being a real college student.

*Lilia Zakirova*

The ESL class is giving me the opportunity to learn English in a formal way and my American friends have noticed. They are really proud to see that I want to be a part of their culture. I am very proud of myself and very happy with the way my professor is helping me to be better.

*Juliana Sarabia Olivo*

ESL is an amazing program because it is helping many international students to learn the language plus to be more successful in their life. Personally I am in love with my ESL intermediate class because it is helping me in my job and in my personal life.
