Associate in Science Business Administration Program - Management Concentration

Overview

Students learn managerial, financial, supervisory and communication theory and practices. Teamwork and project management are also emphasized within this concentration.

Career Outlook

Students completing the Management concentration are prepared for a variety of positions including, but not limited to: first line supervisor, managerial assistant, small business owner, agency director, or management trainee.

Program Outcomes

Upon completion of the Management concentration, students are able to:

- Apply management theories in a dynamic and multicultural world.
- Make decisions through the use of technology.
- Demonstrate competency in the analysis and synthesis of the components of management using written and oral communication.
- Assume entry-level management positions.
- Engage in critical thinking by reading, writing and analyzing issues related to management.
- Recognize and analyze ethical issues as they relate to business.
- Apply quantitative problem solving techniques to evaluate management decisions.
- Work well with teams in a business setting.

Note: Students intending to transfer to a four-year institution should also refer to the Associate in Arts Business Transfer Concentration.
