ADVISORS REPORTS:

Lori Crawley- The last count of the Toll Booth was $800, and there is still a bucket locked up in the safe that needs to be counted. No one showed up for the blood drive. Senators need to be reminded to not vote for things they can not attend. Lobbying, when planning events, please be sure to double check with Administration, to make sure the school is able to support it. Would like to thank Elena Rice for her efforts of Lobbying Day!

Claudine Barnes- Would also like to thank Elena Rice for doing a great job with Lobbying Day! Senators need to remember to vote things down if they are unable to attend the event. November of next year is the major elections, perhaps we could get a state rep or candidates for next election to have a debate or speak. Senate could support and sponsor the event.
