Take advantage of the services offered at no charge to Cape Cod Community College students.

THE TUTORING CENTER
Tech G01, Ext. 4352
Hours are posted.

The Tutoring Center provides day and evening students with a place where they can learn how to learn.

Students seen by appointment – walk-ins accommodated when possible.

The program offers:

- Personalized or small group tutoring in most subjects
- Computer support instruction
- Diagnosing learning strengths and weaknesses

And MORE.

Students are limited to either two 1-hour sessions or one 1-hour session a week per course.

WRITING RESOURCE CENTER
Tech G02, Ext. 4526
Hours are posted.

The Writing Resource Center offers academic support for written assignments using word processing.

A writing specialist is on duty to assist students with the preparation of any written assignment.

Software also is available for:

- Self-directed study in sentence structure
- Grammar
- Punctuation
- Reading comprehension

And MORE.

MATH LEARNING CENTER
Science 112, Ext. 4626
Hours are posted

The Math Learning Center is available to students who want:

- A place to study in small groups
- To do mathematics homework with someone available to assist
- To clear up a specific math problem
- To refer to other textbooks covering similar information.

The Math Learning Center is supervised by math faculty and peer tutors.
