Fresh Start Option Requirements

The Fresh Start Option permits a fresh start to a student who has not been enrolled at Cape Cod Community College for at least two (2) years and has re-enrolled on probation, has a cumulative grade point average (CGPA) below 2.0, or has been academically dismissed. A student may exercise the Fresh Start Option only once.

Within this option, original grades and the CGPA will remain on the transcript, but all future calculations of CGPA will include only courses taken after readmission. Prior courses taken at the College (before the two-year break) will be evaluated according to the current transfer credit policy. Courses meeting the transfer credit policy will be counted as transfer credit. The transcript will identify the selection of this option.

The student that wishes to re-enroll under this program may obtain an application and requirements of the Fresh Start Option from the Office of Admissions. A student must be matriculated in order to elect the Fresh Start Option. Students under the Fresh Start Option will meet graduation requirements in effect for degree or certificate programs at the time of re-entry.

The Fresh Start Option described above enables former students to have a second chance without being burdened by past performances and to begin anew, having recognized changes in career focus, personal maturity and goals.
Fresh Start Option Application

The Fresh Start Option permits a fresh start to a student who has not been enrolled at the college for at least two years and has a grade point average below 2.0, or has returned on a probationary status, or has been academically dismissed. A student may exercise the Fresh Start Option only once.

Original grades and cumulative grade point average (CGPA) will remain on the transcript, but all future calculations of CGPA will include only courses taken after readmission. Courses taken at Cape Cod Community College prior to the two-year break will be evaluated according to the current transfer credit policy. Courses meeting the transfer credit policy will be counted as transfer credit.

Students under the Fresh Start Option will meet graduation requirements in effect for degree or certificate program at time of re-entry.

The transcript will identify the selection of this option.

I have read and understand the conditions of my readmission into the College under the Fresh Start Program.
